ORGANISATION OF ISLAMIC COOPERATION (OIC)

THE OIC -2025: PROGRAMME OF ACTION

Following its adoption by the 13th Islamic Summit (Istanbul, 14-15 April 2016), the OIC-2025 has entered the critical phase of implementation. This phase rests on the direction requiring the General Secretariat, in consultation with the relevant OIC organs, including the standing committees and other stakeholders, to propose an Implementation Plan for each sector to the Member States. The Implementation Plan 2016-2025 elaborates 107 goals identified under 18 priority areas into programmes and activities (column 3) while clearly determining implementing partners and suggested timelines in columns 4 and 5 respectively. The exiting mandate for these activities emanating from various official pronouncements including Summit declarations, CFM resolutions, reports of Standing Committees, sectoral ministerial meetings and work programmes of the OIC institutions is referred to in column 6. All programmes and activities being pursued in the Implementation Plan are within the ambit of approved activities and are duly reflected in the annual programmes of work of the relevant institutions in OIC system.

The 44th session of the Council of Foreign Ministers (Abidjan, 10-11 July 2017) vide its resolution 1/44-POA inter-alia, took note of the Implementation Plan and called upon the Secretary General to invite inputs of the Member States, relevant OIC institutions including the standing committees for further development of the Implementation plan. Based on the inputs received from the Member States and the relevant institutions, the Implementation Plan 2016-2025 has accordingly been updated.
